Common Planning
Charles R. Drew Middle School

- Data Analysis

  *Guiding Question:  What student data do we need to review and how are we using it to revise our instruction and/or identify students who need further support?*

  ***LANGUAGE!***

  ➢ FAIR

  ➢ Baseline

  **Journeys**

  ➢ FAIR

- Analyze FAIR data

- Group students

- Identify center activities that align to students' deficiencies

   *Guiding Question: What DI strategies are we going to use?  What DI strategies do we need to develop?*

- Analyze Baseline data

- Identify 5 lowest benchmarks for each class period

- Identify students' weakest benchmark to address in teacher led center

- Group students

- Identify focus mini lessons that align to class deficiencies

- Identify center activities that addresses benchmarks identified at the student level

  *Guiding Question: What DI strategies are we going to use?  What DI strategies do we need to develop?*
