Strategic Framework

Student, Parent and Community Engagement

This pillar supports activities and functions which enhance student, parent, and community understanding, awareness, and support for our schools and District.

Education

This pillar supports activities and functions leading to an educational experience that fosters individual excellence in a collaborative environment leading to responsible citizenship, global awareness, and lifelong learning.

Student Achievement:

Preparing for Success in the Third Millennium

Financial Efficiency/Stability

This pillar supports activities and functions that ensure effective and ethical business operations, sound stewardship of resources, and responsible budget management.

School/District Leadership

This pillar supports activities and functions which enhance talent recruitment and management, leadership development and effective and ethical governance.

2009-2014 M-DCPS Strategic Framework

M-DCPS is focused on a singular goal: Student Achievement

Each student succeeds as measured by:

1. Graduating
2. Having a post-secondary plan
3. Demonstrating age/grade level appropriate knowledge mastery
4. Successfully entering the higher education arena and/or workforce

Post-Secondary Educational Plans for 2009-10 Graduating Class

FLORIDA'S SCHOOL ACCOUNTABILITY SYSTEM

History of School Grades

School Grades were first issued in 1999 under the A+ Plan for Education. Since then, school grading evolved in 2001 to include the FCAT results of students in Grades 3-10. In 2002, student learning gains were added to school grades, and in 2005 all students were included in school grades. In 2007, performance in FCAT Science, the learning gains of students scoring in the lowest 25 percent in mathematics, and the performance of those retaking the FCAT were added to school grades

Senate Bill 1908

Beginning in the 2009-10 school year, 50% of the school's grade will be based on the *existing* FCAT-related factors and the remaining 50% will be based on factors that *include*:

- A school's ***graduation rate***;
- The ***performance and participation of students in AP, IB, Dual Enrollment, AICE, and industry-certification*** (as valid data becomes available);
- The ***postsecondary readiness*** of the students as measured by the SAT, ACT, or CPT;
- The high school ***graduation rate of at-risk students***;
- The performance of a school's students on ***statewide standardized end-of-course assessments***(when available); and
- **Growth or decline** in the data components from year to year.

Senate Bill 4

Bill revises School Grading System to:

Include End of Course results in calculating school grades for:

- *Performance components* in reading and mathematics
- *Learning gains components* for reading and mathematics
- *Lowest 25% gains components* in reading and mathematics

Assessments will include EOCs required for high school graduation, including the following:

- Algebra (2010-11)
- Geometry, Biology and U.S. History (2011-12)
- Civics (2012-13)

Transition to Computer-Based Testing

Transition to Next Generation and Computer-Based Tests in Florida

Computer-Based Tests: Grades and subjects which are optional by school in CBT or PBT are shown in ***bold, italic***; full CBT administration except for accommodations are shown in ***red, bold, italic, underlined***.
