**RESOLUTION NO. 1, 2008-09 GENERAL FUND FALL BUDGET** 

REVIEW

**COMMITTEE:** 

INNOVATION,

**EFFICIENCY** 

AND

**GOVERNMENTAL** 

**RELATIONS** 

**LINK TO DISTRICT** 

STRATEGIC PLAN: IMPROVE FINANCIAL SERVICES

On September 10, 2008, the School Board adopted the budget for FY 2008-2009 as presented. The budget, as adopted, was built using a set of assumptions based on prior year budget development and the administration's recommendation to the Board on revenue estimates for FY 2008-2009.

Subsequent to the adoption of the budget, the Board appointed a new superintendent who immediately convened a budget workgroup to review the budget assumptions and treatment of certain revenue issues. The budget work group consisted of experts in the area of legislative issues, several experienced K-12 Chief Financial Officers, internal staff who assisted in developing the FY 2008-2009 budget, and internal staff who were able to review proposed budget changes and their potential impact on schools. In addition to the review of the Adopted FY 2008-2009, the work group was charged with conducting a complete and comprehensive review of all central office departments to reduce costs and create an effective leadership team geared toward supporting the classroom.

The work group's first challenge was to work with central office departments to transform the way they operated. Specifically the task was to identify redundancy and inefficiency, overhaul the organizational charts, delayer middle management, and eliminate positions and related salary costs. This phase of the budget review yielded a mid-year budget savings of approximately \$11,425,185. The next part of the review was to look at central office departments after the transformation and review what functions could be eliminated. This review yielded an additional savings mid-year of \$4,460,947. The final phase of the central office review was to reduce departments by 10% of salary and non-salary budgets, which reduced departments by an additional \$5,543,922. The realignment reduces the 2008-09 budgets for central office departments by \$22,430,054.

The next phase of the review was undertaken to address structural defects in the budget as originally adopted. The review team found an over estimation of the salary lapse account in the amount of \$43,000,000 as well as a flaw in the assumption used to budget health insurance in the amount of \$10,000,000 and a variance in the health insurance budget of an additional \$2,000,000.

REVISED 2

Additionally, United Health Care has agreed to defer the rate increase that was scheduled for January 1, 2009 until April 1, 2009 and capture the deferred increase effective July 1, 2009. The effect is to backload the \$6.5 million rate increase for calendar 2009 into fiscal year 2009-2010. The concession requires the District to remain with United Health Care for the entire calendar year 2009.

The review of revenue assumptions used in developing the original budget disclosed an issue involving property tax revenue collections.

Although Florida Statutes requires the District to budget at a 95% collection rate, the District has had a collection shortfall the past two years of approximately \$13,000,000 per year. A reserve should have been set up for that amount.

Subsequent to the adoption of the budget, market conditions have taken a negative turn and, as a result, it is expected that revenue from interest income will decline by \$6,000,000. This was not known at the time of budget adoption. In addition, the District earned approximately \$10,000,000 million dollars more in School Recognition Funds. As a result of the state funding formula, this reduces lottery funds by approximately \$4,000,000, while increasing appropriations to schools.

The appropriation changes reconciled in this item accomplish district reductions to central administration without jeopardizing core internal business controls and important instructional support. Included in the item is the re-assignment of most teachers on special assignment back to classroom positions.

After the reduction in central office budgets by \$46 million dollars, the Administration is proposing taking full advantage of Statute 1011.62(6)(b) by exercising its option to redirect \$18,700,000 of State Categorical Funds to support classroom instruction. The Administration also proposes funding certain programs such as Secondary School Reform and Professional Development with appropriate and allowable grant funding.

Lastly, in order to realign the budget and deal with its defects, the Administration looked at non-classroom expenditures at the schools. The item proposes establishing a reserve that sets aside 20% of school site hourly, overtime, substitute, and other discretionary accounts estimated at \$10,387,778 for the last quarter of the year. These funds will be removed from reserved status if revenues are available to return the funding. The item also proposes a change in the allocations to schools that would result in a savings of approximately \$7,151,816, effective second semester. Included in these savings is the elimination of 71 assistant principal positions, the second media specialist, certain clerical allocations, and an increase in square footage of the area to be covered by each custodian. The savings to be realized by the change in square footage from 23,000 to 25,000 (as recommended by OPPAGA) will occur through attrition.

REVISED

The Administration will continue to work to identify areas where resources must be realigned and costs need to be controlled. The next work includes in-depth reviews of the budgets for transportation, food and nutrition, stores and distribution, and school police and review of the preliminary October budget projections. Historical spending trends and significant analysis must occur to solidify the projection and formalize the results into the next resolution.

Budget review, to date, has yielded a much sounder annualized operating budget and an initial start toward forming a reserve to cover the anticipated holdback of state

revenue to be announced on December 10, 2008. Additional redirection of appropriations will be required to be presented no later than the January Board Meeting.

The following details the necessary appropriation adjustments for your consideration:

# **REVENUE CHANGES**

**INCREASE** (DECREASE)

- 1. Increase/decrease State Revenues due to the following:
- 6,778,544
- a) Increase Florida Education Finance Program (FEFP) revenues. based on increased enrollment, as follows:

Base FEFP (698 wFTE increase) **Declining Enrollment** 

\$ 2.813,157

Total

(1,433,504)1,379,653

b). Increase/decrease Categorical Programs, as follows:

**School Recognition** 

\$ 10,224,866

**Discretionary Lottery** 

(4.825.975)

Total

5,398,891

2. Increase/decrease Local revenues as follows:

(5,007,169)

Interest E-Rate

(6,000,000)

992.831

Total

(5,007,169)

TOTAL REVENUE INCREASE

\$ 1.771,375

# <u>APPROPRIATION CHANGES</u>

**INCREASE** (DECREASE)

- 1. Reduce Salary Lapse (increase in appropriations) due primarily to transferring incumbents from positions to be eliminated to open positions and significantly reduced time to replace open positions than in prior years.
- \$ 43,000,000
- 2. Increase teacher salary budget, including fringe benefits, for additional teacher positions due to additional FTE and salary adjudication for new hires.
- 8,850,307
- 3 Eliminate the Medical Insurance reduction of \$10 million as identified in the Tentative Adopted budget. In addition, increase costs by \$2 million based on latest projections less the rate increase deferral to be recognized after July 1, 2009.
- 5.500,000
- 4. Reduce positions from central administration with the major focus on the shrinkage of middle management to eliminate inefficiencies and reassign all certified or certifiable staff to classrooms.

(11,425,195)

A	PPROPRIATION CHANGES (continued)	INCREASE	»,
5.	Redirect <b>Reading Instruction</b> categorical anticipated unused funds. Agenda Item E-13 requests approval to redirect these funds.	(DECREASE) \$(9,200,000)	٠
6.	Redirect <b>Textbooks</b> categorical unused funds. Agenda Item E-13 requests approval to redirect these funds.	(9,500,000)	
7.	Transfer Secondary School Reform and other allowable appropriate expenditures to Contracted Programs Fund.	(7,447,961)	REVISED
8.	Reduce Utilities by closing buildings/offices during Spring Break and December holidays.	(1,000,000)	
9.	Centralize revenue from rental of school facilities. Currently the school receives 75% of the revenue towards covering custodial overtime.	(2,700,000)	
10.	Filter state revenue holdback from all flow-through revenue.	(2,500,000)	
11.	Reduce annual salary of non-school MEP employees based on rate of pay with highest paid administrators reduced by the largest percentage. In addition, the maximum level of pay grades 26 and above will be cut by 10% or greater.	(1,000,000)	
12.	Eliminate selected central office non-essential functions.	(4,460,947)	
13.	Reduce remaining <b>central office</b> salary and non-salary budgets (10% goal).	(5,543,922)	
14.	Transfer one-half of teachers on special assignment in the General Fund to the classroom.	(1,582,136)	
15.	Eliminate non-essential central office Overtime.	(932,627)	
16.	Eliminate non-essential central office <b>Contracts</b> . Excludes costs needed to meet Fingerprinting statutory requirement.	(487,474)	
17.	Eliminate Food Service Subsidy.	(4,000,000)	
18.	Transfer <b>Professional Development</b> expenses from the General Fund to Contracted Programs Fund.	(825,000)	
19.	Charge schools a 20% fee for administering internal funds.	(6,100,000)	
20.	Reduce <b>school budgets</b> for hourly/overtime/temporary instructors and discretionary accounts by 20% to 23% and allow schools flexibility to purchase the position of career specialist using their internal funds.	(13,614,768)	

AF	PROPRIATION CHANGES (continued)	(DECREASE)	
21.	The decrease in appropriations reduction is due to a recalculation of the number of assistant principal positions required to achieve the average ratio of the 20 largest school districts (from 110 to 71). The recalculation excludes assistant principals in transition to retirement or in the process of reverting to classroom teachers.	\$ (7,151,816)	REVISED
22.	Increase appropriations for Florida School Recognition Program (offset by revenue increase).	10,224,866	
23.	Establish an appropriation for a potential shortfall in the Tax Roll Yield. Based on the prior two years experience and current year market conditions, it is anticipated that tax collections will again fall short of the 95% budgeted level of the anticipated yield from the tax roll.	13,000,000	
24.	Increase the appropriation for Unemployment Compensation.	3,000,000	
25.	Decrease the appropriation for leases which will be abated to Capital.	(3,000,000)	ADDED
	Total Appropriation Decreases	\$ (8,896,673)	
TF	RANSFERS/RESERVES		
1.	Maintain Contingency Reserve at \$39,544,827.	\$ 0	
2.	Establish a Reserve for Governor's Holdback.	10,668,048
